

## Dr. Nancy Duggan and Associates Coronavirus Protocol

Due to the Coronavirus our office and staff are taking extra precautions to keep everyone safe. Some of our measures include:

- Having patients call as they arrive and await permission to enter the office
- Limiting the number of people in the lobby down to 2
- Patient AND employee screening questions and temperature checks
- Using aerosol disinfectant recommended by CDC, and ADA
- UV Light purification in each room after every patient
- Hygienist, Doctors, and assistants are covered head to toe in PPE (Gowns, masks, gloves, hair caps, shoe booties, face shields)
- Air Purifier in hallways constantly running
- Social Distance at check in and check out
- Common areas (Lobby, bathrooms, etc) sprayed with aerosol disinfectant and wiped down After every patient
